

# WHAT IS THE INTERNET?

Internet

---

A network  
of connected  
computers

# ACTIVITY

5 mins

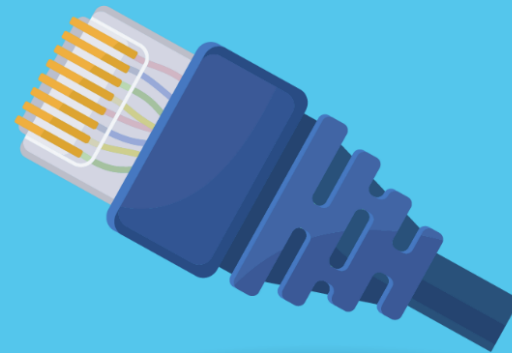

1. Get into groups of approx. 10 form a circle facing outwards
2. Hold hands.
3. Identify in your group who is standing closest to another group.
4. That person then reaches out with their foot to touch the foot of a person in the group next to you

Computers are connected by:

---

cables and wires

wireless links

Information  
travels from one  
computer to  
another
