Protect your **DIGITAL IDENTITY**

3 Ways to Protect your Digital Identity

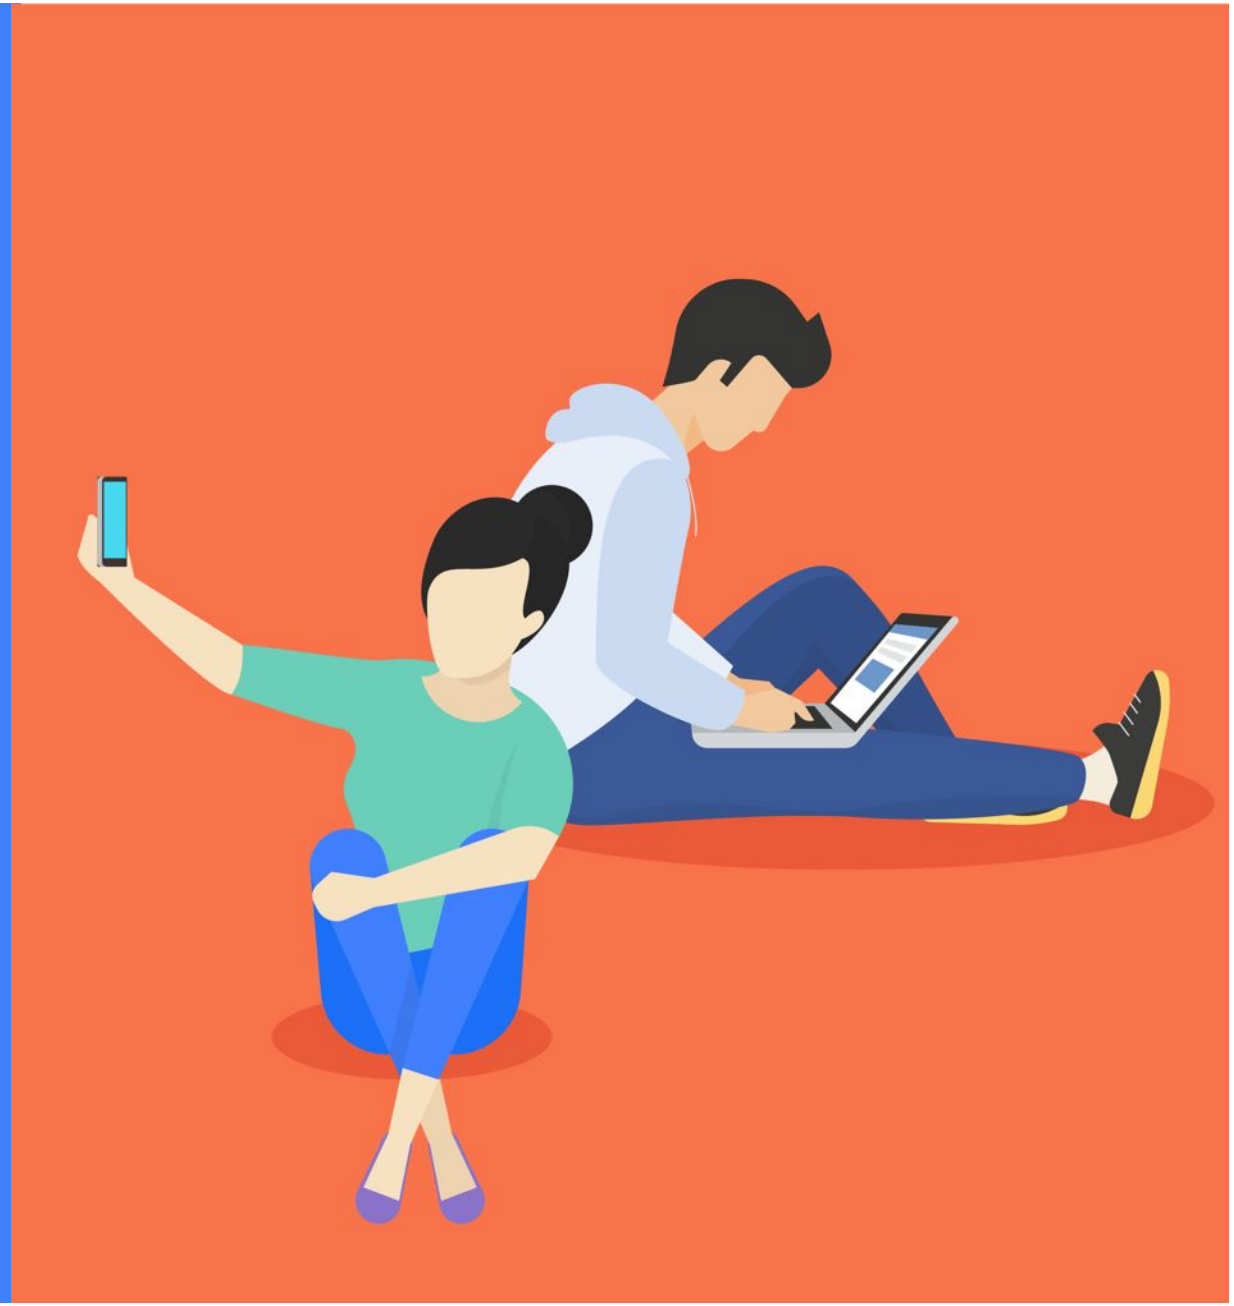
1. Choose the content that you show other people
2. Be wary of abusive content
3. Secure your account

1 Choose the content that you show other people

Be your **authentic self** (don't use a fake name/profile and know when to report)

Choose your friends wisely (unfriend, unfollow, block).

Choose your audience wisely (be careful with what you share).



Facebook Community Standards

Like a Code of Conduct or Student Handbook, this is an outline of what is and what is not allowed on Facebook.

These policies are inclusive of different views and beliefs, those of people and communities that might otherwise be overlooked and marginalized.

2 Be wary of abusive content

Be wary of **scam (money theft and identity theft) and phishing** (don't give out personal information or financial information)

Report abusive content (follow the community guidelines)

3 Secure your account

Secure your **log-in** and **log-out**

Use **strong passwords** (combination of numbers, letters, and characters).

FOR A STRONG PASSWORD, MAKE SURE IT…

Has a combination of small and big letters.

Has different characters.

Is not too short.

Protect your Digital Identity

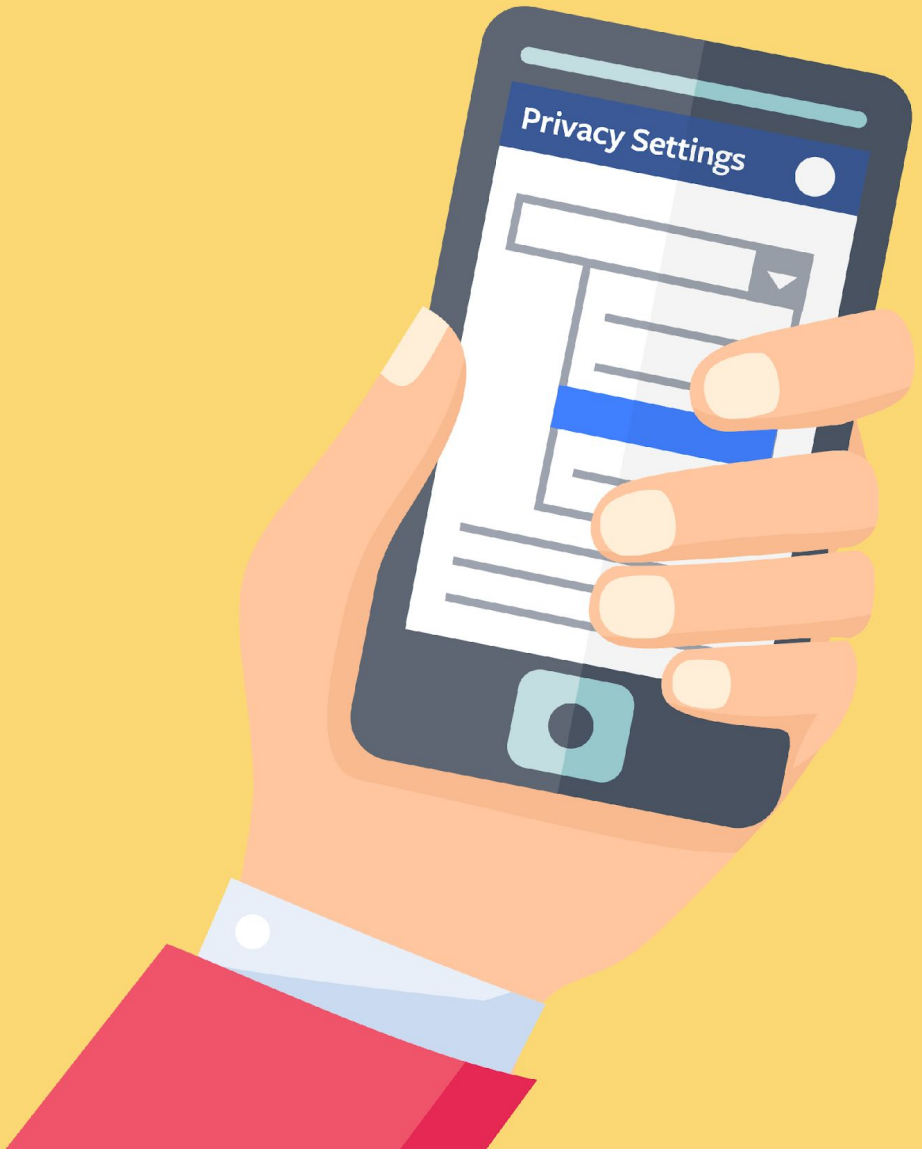
Take the Facebook Privacy Checkup

https://www.facebook.com/about/basics

1. Click the ☰ at the top-right hand corner of Facebook and click Privacy Shortcuts.

2. Select Review a few important privacy settings under the Privacy section.

3. Click Next and answer the following questions about your Settings.



Privacy Checkup

The Privacy Checkup tool has expanded to four distinct topics to help you strengthen your account security:

a) Who can see what you share
b) How to keep your account secure
c) How people can find you on Facebook
d) Your data settings on Facebook
